

- 
- A scatter plot showing various clusters of data points on a white background. The points are colored according to a legend: blue for SurroundingEnvironment, orange for Normal, green for HardwareFault, red for ParamViolation, purple for RegulationViolation, brown for CommunicationIssue, and pink for SoftwareFault. The Normal (orange) cluster is the largest, forming a large arc across the center. HardwareFault (green) is at the top left. ParamViolation (red) is on the far left. SurroundingEnvironment (blue) is near the center-left. RegulationViolation (purple) is near the center. CommunicationIssue (brown) is near the center-left. SoftwareFault (pink) is at the bottom center. There are also several smaller clusters of orange points scattered around the main arc.
- SurroundingEnvironment
 - Normal
 - HardwareFault
 - ParamViolation
 - RegulationViolation
 - CommunicationIssue
 - SoftwareFault
