

- 
- A scatter plot on a white background with a black border. The plot contains several clusters of colored dots. The colors correspond to the categories in the legend: blue for 'SurroundingEnvironment', orange for 'Normal', green for 'HardwareFault', red for 'ParamViolation', purple for 'RegulationViolation', brown for 'CommunicationIssue', and pink for 'SoftwareFault'. The clusters are distributed across the plot area, with a large orange cluster in the upper right, a green cluster in the upper left, and several smaller clusters of other colors scattered throughout. Some clusters are very dense, while others are more sparse.
