

- 
- A scatter plot on a white background with a black border. The plot contains numerous small circular data points of various colors. The colors correspond to the categories in the legend: blue for SurroundingEnvironment, orange for Normal, green for HardwareFault, red for ParamViolation, purple for RegulationViolation, brown for CommunicationIssue, and light orange for SoftwareFault. The points are distributed across the plot area, with some clusters and many individual points. A legend box is located in the upper right corner, containing the color-coded labels.
- SurroundingEnvironment
  - Normal
  - HardwareFault
  - ParamViolation
  - RegulationViolation
  - CommunicationIssue
  - SoftwareFault
