

- 
- A scatter plot with a white background and a black border. The plot contains several clusters of colored dots. A legend box in the top right corner lists seven categories with corresponding colored dots: SurroundingEnvironment (blue), Normal (orange), HardwareFault (green), ParamViolation (red), RegulationViolation (purple), CommunicationIssue (brown), and SoftwareFault (pink). The 'Normal' category is the most numerous, forming a large, irregular shape in the center and right. 'HardwareFault' is a cluster of green dots in the top left. 'ParamViolation' is a small cluster of red dots on the left. 'SurroundingEnvironment' is a small cluster of blue dots in the lower left. 'SoftwareFault' is a cluster of pink dots at the bottom. 'RegulationViolation' has a few scattered purple dots. 'CommunicationIssue' has a single brown dot on the left.
